APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the manner and place of use of the waters of an underground source as heretofore granted under Permit 24598 is issued subject to the terms and conditions imposed in said Permit 24598 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a measuring device must be installed in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water herein granted at any and all times.

The total combined duty of water under this permit and permits 27025, 27026, and 27028 thru 27031 shall not exceed 3200.0 acre-feet annually. This permit is also issued subject to the terms and conditions set forth in the State Engineer's ruling of April 6, 1973.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.8 cubic feet per second, but not to exceed 189.4 acre-feet annually.

Actual construction work shall begin on or before June 9, 1973

Proof of commencement of work shall be filed before July 9, 1973

Work must be prosecuted with reasonable diligence and be completed on or before June 9, 1973

Proof of completion of work shall be filed before July 9, 1973

Application of water to beneficial use shall be made on or before June 9, 1976

Proof of the application of water to beneficial use shall be filed on or before July 9, 1976

Map in support of proof of beneficial use shall be filed on or before July 9, 1976
